ACWW Prexy To Visit H. River

Mrs. G. Van Beekhoff of Holland, president of the Associated Country Women of the World (ACWW), will be guest of honor in High River on July 25.

A western barbecue will be held at the home of Mr. and Mrs. Roy Henderson and an open invitation is extended to all rural women, members of the FUWA, members of the WI and other interested parties.

The barbecue starts at 6 p.m. and everyone is asked to come in western dress.

The members of the High River area FUWA's and WI's feel they are greatly honored by the visit of Mrs. Van Beekhoff, who is now on a tour of Canada.

Fish & Game Rifle Shoot Sat., July 20

The coulee north of the Carl Steiner farm is being readied for the third annual Vulcan and District Fish & Game rifle contest to be held this Saturday and all that's needed is a warm sunny day to complete the setting.

A new innovation in this year's shoot is shotgun trap shooting which will be held Saturday morning commencing at 10 o'clock. This lasts until noon and entries must be in before 11:30 a.m. to be eligible for this popular event.

At 1:00 p.m. the big sporting rifle events begin at one target area while 22 competition for ladies, boys and girls takes place at another spot.

On the subject of predator control, Bill Holton of the crow and magpie campaign, reports that either all such birds have been eliminated from this area or boys are taking a holiday from their hunt for crow or magpie feet. Only 20 pairs have been turned in so far and there's an objective of 500 pairs by October. Bill Salvage at Wolfe's Hardware will record all entries in this contest.

Church Conference At Arrowwood

A Northwest Inspirational Conference of the Church of the Brethren will be held in the Community Hall at Arrowwood July 19 to 21. The theme of the Conference will be "To Heal the Broken..."

Guest speakers include Dr. Harold Fasnacht, President of La Verne College, La Verne, Calif.; Dr. J. H. Mathis, La Verne, Calif.; Rev. Truman Northup, Modesto, Calif. and others.

The Conference will open at 7:30 p.m. Friday, July 19 and carry through until noon on Sunday July 21. Anyone interested is cordially invited to attend.

70% Pass First Swim Class

A total of 90 swimmers enrolled and received instruction at the Red Cross levels during the first two weeks of July at the Vulcan Lions Swimming Pool. Of the 90, 57 were eligible and were tested on the morning of July 13, by David Mitchell (examiner) and Dale Phillips (pool supervisor). 70% of the swimmers passed their test.

\$1,000 Jackpot To Champion

Ticket number 5774, purchased after some searching on Monday, July 1st, won for Mrs. Clarence Rhodes of Champion, the big prize in the Elks sponsored \$1,000 Draw. Mrs. Rhodes is shown above being congratulated by Elks Lodge member, Pat Walker, artificial ice committee chairman, left and ticket committee chairman Norman Bucholtz, at her home.

Mrs. Rhodes came to Vulcan with friends to see the morning parade and without any premonition of what the future held, enquired of oldtimer R. N. (Bob) Hill about purchasing a ticket on the Draw. He had none to sell and after checking at the Vulcan Hotel went up to the sports

grounds and secured the winner for her.

The draw was made at one of the dances Monday night and at 1:15 a.m. Mrs. Rhodes' sleep was disturbed by nephew Terry who finally convinced her of her good fortune.

A holiday trip to the coast by Mr. and Mrs. Rhodes had been hanging in the balance due to expense involved in attendance at two recent family weddings but with the \$1,000 windfall holidays were assured.

About 12 years ago Mrs. Rhodes won \$490 on a radio quiz program so her luck in such chance endeavors is above average.

Provisional Directors Named

Recreation Centre Society Will Be Incorporated

A meeting of members of the Artificial Ice Committee and representatives of the Vulcan Elks Lodge, which this spring took over sponsorship of the project to install artificial ice in the arena and remodel the building, was held in the Legion hall the evening of July 11 for the purpose of appointing a provisional board of directors. This the first step in the incorporation of a Recreational Centre Society, which will be registered under the Societies Act.

The aims of the Society will be to convert the arena building into a recreational centre with artificial ice, cement floor, club rooms, etc. to be used by all the residents of the County. Final arrangements have not been finalized with the town for a lease on the present building, as the committee is awaiting reports on the soundness of the structure and its feasibility to fill the proposed plan drawn up by the architect firm of Meech, Mitchell, Robins & Watson of Lethbridge.

The provisional officers for registration are: Pat Walker, President; John Wolfe, vice-president; Gordon Brown, treasurer; Mrs. Virginia Mitchell, secretary; plus the chairmen of Building, Finance, Publicity and Operating committees.

It was decided to hold weekly meetings every Wednesday evening at 7:00 in the Legion Hall. Everyone who has an interest in this

Committee Meetings Held

County and Teachers Reach Agreement

SCHOOL COMMITTEE

The regular June meeting of the School Committee of the County of Vulcan No. 2 was held in the council room, on June 10. Committee chairman J. M. McKay, presided. Those present were Frank Thurber, A. McAllister, A. Cutforth, George Moses, Guy Volsey, R. O. Bertrand, Committee Members E. K. Hawkesworth, Superintendent of Schools and D. D. McQueen, secretary-treasurer.

The committee discussed the matter of membership in the National Film Board District Council. It was moved by Mr. Thurber and carried that in view of the fact that the schools had made some use of the films, the county donate the sum of \$10.00 to the Vulcan County Arts Council for the use of these films for last year.

A letter from A. B. Wetter, Field Administrative Officer of the Department of Education, in respect to re-naming the Buffalo School District No. 1700, was read. The letter suggested that the name might be changed to Bison Plains School District No. 1700 to accommodate the hamlet of Buffalo which desired to use the name of Buffalo School District. A motion was passed agreeing to the change of the name to Bison Plains School District No. 1700.

A letter from Dr. T. C. Byrne, Chief Superintendent of Schools, in respect to the high school centralization in Vulcan, was read.

The letter suggested that the committee start making plans to extend the accommodation at the school in Vulcan to take care adequately of the centralization needs.

It was moved and carried that Mr. Hawkesworth organize a committee to enquire into the matter of the Calgary Separate School Board's success in obtaining special federal grants for equipment in the commercial department of the vocational school.

Carl B. Johnson, principal of the Lethbridge Junior College, attended the meeting and discussed with the committee matters pertaining to the operation of the college, and explained the work which was being done. It was noted that the County of Vulcan was not affiliated with the area covered by the college and suggested that consideration might be given to making application to join the group. The amount of requisition on the County of Vulcan would be a very nominal sum.

Committee members were very interested in Mr. Johnson's interview and advised that this matter would be taken under advisement.

Air Spraying Risky Business

A few days ago Elza Tudor of East Lethbridge was spraying with his airplane killing grasshoppers on the ranch of Ivan Ohler, who resided west of Carmangay. The plane had successfully sprayed several hundred acres of grass land and was taking off with the last tank of spray when Mr. Tudor's plane failed to clear a barbed wire fence.

The tail wheel of the plane caught the barbed wire causing the plane to drop, and it slid several hundred feet with the pilot uninjured. The above photo shows the plane lying on its side with approximately \$3,000 damage to the wing, spray tank, prop, undercarriage and frame. Sitting on the wing is the little two-year-old daughter of the Ohlers. It is believed the intense heat waves were responsible for the plane's

failure to gain enough altitude at the end of the runway to clear the fence.

Life is never dull at the Ohler ranch at any time and often one mishap makes way for another. During the process of spraying, one of Mr. Ohler's teen-age sons was using a truck for a marker, and it became embedded in a mud hole after the recent rains. When the two young sons, Jim and Frank tried to pull the truck out backwards with a little Ford tractor, the tractor reared up and went over upside down, the radiator landing on the end gate of the truck. Fortunately though, once again, no one was hurt, but if the chain the boys were using had been one foot longer, the tractor would have missed the truck and pinned young Jim beneath it.

and a decision made at a later meeting.

The following resignations were read: H. B. Myers, Vulcan High School; Mrs. Grace Moore, Carmangay School; James Janz, Lomond School. It was regularly moved and carried that these resignations be accepted with regrets.

It was moved and carried that the following staff appointments be confirmed: Miss Jerry Blackford—to be transferred from Milo School to Champion School; D. R. Brown, Vulcan High School Staff; Miss Emilie Kaminski, Carmangay School; Albert Kardash, Lomond School.

It was moved and carried that the county authorize the installation of pressure system from the Milo School to Champion School and hook-up to a 500 gallon tank for the purpose of supplying drinking water in the Champion school.

It was moved and carried that the county grant four bursaries, two to boys and two to girls, \$300 each for two years training.

It was moved and carried that the county purchase a suitable sanding machine for the purpose of sanding auditorium floors.

It was moved and carried that an agreement with the County of Wheatland No. 16 for the transportation of county pupils to the Carseland School be approved and that the chairman and secretary-treasurer be authorized to execute the agreement on behalf of the county.

A special meeting of the School committee of the County of Vulcan (Continued on Page 7)

COPA Honors V. Westersund

Congratulations to Varno Westersund who was presented with the Aircraft Owners and Pilots Association annual award at the Canadian Aircraft Owners and Pilots (COPA) banquet held in Calgary. The award is presented by the association from Washington, D.C. to the member who has contributed the most towards the betterment of general aviation.

The meeting was the first Western Canada National meeting of COPA and Mr. Westersund was master of ceremonies for the two day event held at the Trade Winds Hotel, Calgary. Also held in conjunction was the Stampede Air Race of which he was chairman. Forty planes took part in the air race from as far east as New Jersey and as far west as Seattle. The gentleman winner was from Grande Prairie and the lady winner was from Helena, Mont.

Showers Boost Rainfall Total To 11.85 Inches

A further .85 of an inch of rain fell in Vulcan Sunday and Monday of this week, bringing total rainfall since April up to 11.85 inches. Other parts of the County received from one-half inch up to 1 1/4 inches in the weekend showers.

Crops are generally good in most parts of the County, although in the Reid Hill area and through to the Lomond country prospects are for a fairly light crop as rains came too late to completely save early-seeded fields. Some fields in the east country look good, but they are the exception rather than the rule.

Haying is now in swing and hay crops are reported to be better than anticipated.

Approve Two Building Permits

Two building permits were approved at the July meeting of the Town of Vulcan council:

Mitchell & Mitchell Stores Ltd., 34x98 and 34x36 concrete block store building on Lots 19-22, Block 3. Estimated cost \$30,000. Contractor, Ernest Lind.

Frank Burchak, 21x21 frame garage on Lot 2, Block 28. Estimated cost \$300. Contractor Horst Thiering.

MILO

Congratulations to Susan Therman and John Ivers on their marriage on Saturday, July 6.

Mr. and Mrs. Bary Peterson and son left at the weekend for holidays at the west coast.

Several people from Milo and district attended one day or more of the Calgary Stampede.

Jimmy Jones of Lomond is presently staying with his grandmother, Mrs. Silva Jones.

Judy Hellevang has returned to her home after spending some time at Acme with her grandmother.

Mrs. Bea Thomson is caring for the infant daughter of Mr. and Mrs. Chester Anderson while her mother is holidaying at Banff and Jasper.

Mrs. Allan McAske and son spent Saturday at the home of her parents while Allan moved their trailer from Pincher Creek to Vulcan where Allan will be employed at his father's store.

Mr. and Mrs. Robbie Thomson of Banff were home for the weekend.

Swimming lessons sponsored by the Milo-Queenstown Lions club got under way on Monday.

Mr. and Mrs. Mel Schaub have as their guest Mel's father from Ontario.

Mr. and Mrs. Don McKay and family spent the weekend at Calgary with relatives.

Friends of Nevin Hanning will be sorry to hear he was taken to the Calgary General Hospital on Thursday where he underwent an appendectomy.

Carol Black of Calgary spent the weekend at the home of her parents.

Linda Morrin is employed for the summer months at the Ernie Kiemle home at Lomond.

Lynn Deitz entertained a number of her little friends on Monday afternoon on the occasion of her third birthday.

Wind and a heavy rain with some hail hit the district late Sunday night, with some reporting hail damage south of the village.

The duplex teacherage has had a face lifting with a new coat of paint.

Mrs. Maude Clements of Anderson, Calif. and Mr. and Mrs. Les Schaeffer, Donna and Jerry of Seattle, Wash., spent a few days at the Wm. Clements and Lawrence Clements homes. While here they also visited with other relatives.

Miss Roxanne Hellevang of High River spent Sunday at the home of her parents.

Sunday visitors at the Art Peterson and Ken Stumpf homes were Mr. and Mrs. John Stumpf and Micheal of Calgary, Mrs. Stumpf's mother Mrs. Simard and sister Lucy of Quebec.

The Lake McGregor Gymkhana club held their gymkhana at the lake on Sunday.

Guests at the home of Mr. and Mrs. J. Lahd during the past few weeks included the latter's aunts, Miss Susan Brown and Mrs. Hodgkin, both of Calgary, her sister and husband of Calgary, Mr. and Mrs. Eugene Fairbanks of Calgary; cousins of Rosery, Sask., Mr. and Mrs. C. R. Dahl, and Mr. and Mrs. Stuart Milley of Sceptre, Sask.

Familiar names and faces seen and heard on the telecast of the Calgary parade included Miss Susan Brown and Austin Brown, early residents of the Queenstown district, Hank Willard who was driving a chuckwagon and Leigh Robertson driving an antique car.

Mrs. Lyla Daniels and two children from the West Coast were guests at her sister's home, Mr. and Mrs. O. Lahd. Mrs. Lahd accompanied her sister and two children to Calgary on Sunday to attend a family picnic of the Service family. Mrs. Lahd plans to accompany her sister to the Coast for a short holiday.

In last week's news one item should have read that Mrs. Loretta Cook was visiting at the O. Lahd's not Mrs. Loretta Lahd.

The George McMorris family left for Edmonton on Monday to attend the Aberdeen-Angus portion of the Edmonton Exhibition.

Those holidaying in the district last weekend included Mr. and Mrs. T. Sevens and family and Mrs. Culley and grandson, all of Calgary, Bill Sevens of B.C., and a niece of the Sevens' family and her husband of California.

Randy McCord of Gleichen is staying at his aunt's, Mr. and Mrs. Arty Nelson, this week and will be taking swimming lessons at Lake McGregor.

The application of Miss Judy Hellevang which was recommended by the Queenstown-Milo Canadian Legion to attend the camp at Lake Isle, 40 miles west of Edmonton, from July 21 to Aug. 3, has been accepted. Judy having had polo in 1953 made her eligible for this camp. The project is one of the good works of the Canadian Legion.

April and Bill Lothian are enjoying a week's vacation at Bible camp at Alix.

One of the most important ingredients in a recipe for speech making is plenty of shortening.

IT DEPENDS ON THE WEATHER

Great changes have occurred in tillage methods over the years, and more are likely to follow. In the open plains areas of Western Canada, stubble depletion and soil erosion have been the problems. With the implements now available, however, serious trouble can be avoided.

It's chiefly a matter of forethought and planning, says D. T. Anderson, Agricultural Engineer at the Research Station, Lethbridge. Keep an eye on the year, he advises. Tillage methods following a good crop year differ considerably from those following a poor one. The objective always is to keep sufficient trash on the surface to control soil drifting, but not enough to interfere with seeding.

Disk implements and blade implements both have a place, and which will be used to the greater extent will depend on the year. Where there is plenty of trash, say from a 35 to 40 bushel wheat crop, the normal summerfallow practise will provide for satisfactory seeding operations and good protection throughout the summer-fallow and crop year periods. This involves one operation with the one-way, secondary tillage with the blade type cultivator, and one operation with either disk or blade type implement to prepare the seedbed.

Where wheat yields are in the 25 bushel range, less use of the one-way is indicated. Not more than one reasonably shallow one-way disking operation should be used and it should be followed by subsurface cultivation to complete the fallow and prepare the seedbed. This will provide a reasonable degree of erosion control and satisfactory work during seeding operations.

Following crops that are below the 20 bushel yield, primary emphasis must be on cultivator type implements, says Mr. Anderson. They must be used during both summerfallow and seedbed preparation if serious erosion problems are to be avoided.

In tests at the Research Station, the wide blade cultivator reduced the original surface cover by 15 per cent after the first operation, 10 per cent after the second and 5 per cent after the third. If carefully operated, the heavy duty cultivator will conserve trash in almost the same proportions. The one-way disk, however, reduced surface cover by 50 per cent during each operation at a depth of three to four inches.

Except on very light sandy soils, from 1000 to 1500 pounds of straw per acre is needed on the surface throughout the year. Roughly, around 100 pounds of straw are produced for every bushel of wheat. With a 40 bushel crop, the 4000 pounds of straw will be ample, and discretionary use of the one-way will be required to facilitate seeding.

A 25 bushel crop will produce 2500 pounds of straw and will allow a certain leeway in tillage practice. The 10 to 15 bushel crop, however, provides barely the amount required for protection and care is needed to avoid trouble. Tillage after an oilseed crop also needs special care. Since the quantity of trash produced is con-

siderably less than with cereal crops, caution must again be exercised in implement choice and use.

Forethought in planning is the key, says Mr. Anderson. With a little care, serious soil erosion can be prevented and use of the match avoided.

NEW FLEXI TOOTH*

HARVESTS MORE CROP - PICKS UP FEWER STONES

Field-tested last year on the prairies, this remarkable new, flexible harvesting tooth for combine and baler pick-ups has proven to be superior to conventional teeth. Flexi Tooth can be lowered closer to the ground. As a result Flexi Tooth harvests more crop per acre.

It picks up fewer stones—meaning less rejection at market—less damage to costly equipment. Mounted in rubber strips Flexi Tooth is quieter—minimizes dust. What's more, wild buckwheat is thrown off and doesn't "bind" as it does with conventional teeth.

See your Imperial Esso Agent today and ask him about the special introductory offer!

HERE ARE SOME COMMENTS MADE BY LEADING PRAIRIE FARMERS WHO USED FLEXI TOOTH

So far, having combined about 250 acres I have yet to pick up a stone, and I haven't as yet seen a stone flip ahead in the swath.
Don Turner
Weyburn, Sask.

Flexi Tooth makes a good pick up out of a poor one. It picks up every straw, be it a heavy crop or a light one.
Roy A. Gibbs
McTaggart, Sask.

Replacement costs with Flexi Tooth are negligible. This set should last me about five years.
Bill Robertson
Lloydminster, Sask.

ESSO TRACTOR GASOLINE

Max Jesse, local John Deere dealer, is shown beside a tractor that is some years before his time in the implement business, but he'd like to own it as a museum piece. It is a Model N Waterloo Boy of 1917 vintage, the first of the John Deere line of power machinery.

The tractor is a 12-25 h.p. two-

cylinder job with no air cleaner on the carburetor. It has a brake band clutch, two forward gears, one reverse and open gear drive. Max was offered \$1500 for it while hauling it from the owner, a retired John Deere dealer north of Calgary, for use in the 50th Anniversary parade. It's not for sale.

Mr. and Mrs. W. A. Watson and Terry and Mrs. John Zuba returned home after a trip to the Creston Valley for fruit. They report a very light strawberry crop. Cherries are below average be-

cause the rains have caused the earlier varieties to split. Raspberries are excellent and a bumper apple crop is expected. There is not one apricot or peach in the Creston Valley because of severe frosts that killed the buds.

Mr. and Mrs. Bob Allan and three children of Medford, Ore., have returned home after visiting with Mrs. E. Haas. Mrs. Allan is the former Toltsdorf.

Sunday visitors at the home of Mrs. E. E. Murphy were Mr. and Mrs. James Beers and five children of Raymond.

Mrs. A. McGinnis of Blairmore, is visiting at the home of her son-in-law and daughter, Mr. and Mrs. Ray Root and family.

Tommy Emelson, Thomas and George Lawrence and Lyn and Robin Watson arrived home Sunday after spending a week at Camp McCoy on Elk Water Lake.

Mr. and Mrs. George Dunsmore and family travelled to Dodsland Sask., on Friday to attend the wedding of Mrs. Dunsmore's nephew, Harvey Shankland. Little Faye Dunsmore was the petite flower girl, dressed in pink frills.

After the wedding the Dunsmore's renewed old school acquaintances and friends of the Dodsland district. Many of their relatives were also in attendance, thus making it a family reunion.

Mr. and Mrs. Gordon George and family, have returned home after a two week holiday spent at Banff, Jasper and Edmonton.

Catechism classes will be held in the Catholic church at Travers commencing on July 22. There will be two Sisters of Providence in attendance.

Don't Let Picnic Time Be Poison Time

How careful are YOU—when preparing food for picnics, camping or even home meals. Any of you who have suffered from food poisoning will join with me once again stressing the importance of careful food preparation.

Toxins and bacteria causing illness unfortunately cannot be smelled or tasted but will grow if the food is a suitable kind and is moist enough (dairy products are main source); if the food is kept at a temperature of higher than fifty degrees Fahrenheit; or if the foods are at temperature warmer than fifty degrees Fahrenheit for four hours or more.

The Food and Drug Directorate advises close attention to the following conditions to keep your family free from illness.

1 Buy from reputable dealers; patronize only clean stores.

2 Ask for meat that bears an official stamp of government approval.

3 Do not buy foods supposed to be frozen but are thawed.

4 After marketing, place frozen foods in the freezer compartment of your refrigerator or in a deep-freeze unit until ready for use.

5 Do not allow foods to go through a "thaw-freeze-thaw" sequence.

6 Heat pre-cooked frozen foods like TV dinners and meat pies, also stuffed poultry, for the time and temperature recommended on the labels. Read the labels.

7 After preparing foods containing eggs, meat, milk, gravy, salads with dressing, serve them within two hours or else refrigerate.

8 Refrigerate "left-overs" from prepared dishes within an hour and keep refrigerated until re-serving or re-heating.

9 Do not prepare sandwiches or "Picnic" dishes, buffet luncheons, etc., more than four hours before they will be eaten unless you refrigerate the foods.

10 Avoid, if possible, making up

sandwiches if you have infected cuts or a bad cough.

11 If canning foods at home: (a) always follow professional directions carefully, (b) Never can non-acid foods such as meat, fish, meat-vegetables mixtures, soups, or non-acid vegetables like beans, peas, asparagus, corn etc., unless a pressure-cooker, properly attended, is used.

12 Do not eat foods that have an "off" flavour.

13 Keep everything about your kitchen clean.

14 If you or your family think you have suffered food poisoning report it immediately to a local health agency. Call a doctor if the illness is severe.

And remember, cooking of foods gives no guarantee of safety! Cooking temps. will kill most bacteria, but the staphylococcus toxins will not be destroyed. You must prevent the bacteria from having opportunity to produce their poisons in food.

A Good Deal For Everyone

The announcement that Klassen Construction Ltd., will soon be in operation at the Vulcan airport, working on a two million dollar United States Air Force contract for prefabricated houses is good news. The company's plans to set up a permanent type operation for prefabricated home construction will give the operation a stability that might otherwise be lacking if there was total dependence on government contracts.

Even though many of the workers expected to be employed at the airport site will likely be persons already residing in the town or district, the economy of the town will benefit to a considerable degree and a certain increase in population can also be expected.

The Klassen Co. has obtained a spacious manufacturing site complete with the large buildings (hangars) needed for its type of operation at a very low cost; the County of Vulcan has received back the exact amount of money it put up to purchase the airport and still retains one hangar and about 500 acres of land; the town of Vulcan will get a considerable boost; and town and district residents needing employment of this nature will have a good opportunity to get such employment. There's not much wrong with this kind of a deal and we wish Klassen Construction every success in their future operations.

Letters to the Editor

To the Editor of The Advocate,
Dear Sir:

I want to tell you that I did enjoy the three days of Vulcan's 50th Anniversary, even the rain as I know how much that means to all.

I homesteaded at Cayley in 1902, going to Vulcan in 1910, building the first home the winter of 1910, moving in in March of 1911, buying the Andrew Brown place in 1911 and built the home there 1912, moving there same year, and moving to Salem, Oregon in 1924.

Mildred, our daughter, now, Mrs. Otto Yunker, was the first baby born in Vulcan, in 1911, and is now living at Salem, Oregon.

We stayed with the Everett Mc-

Phersons while there and enjoyed our stay very much.

We will always have a warm place in our hearts for Vulcan.

An oldtimer—

John A. Gardner
Salem, Oregon.

To the Editor of The Advocate,
Dear Sir:

Enclosed is our cheque in payment of our Special Anniversary advertisement in your Jubilee edition.

You are to be complimented on the publication of a very excellent and informative special edition of the Advocate.

Yours sincerely,

Suggests Method Of Viewing Eclipse

If the sun is shining around noontime of July 20, Albertans will have an opportunity to witness a rare phenomenon of nature. The occasion will be the eclipse of the sun — the first since 1959.

How the eclipse is viewed should be of major concern to all and in particular to parents of young children. Previous experience indicates that a number of people will receive burns to the retina, an inner lining at the back of the eye. These burns frequently result in permanent blindness. Unfortunately, the majority of casualties will occur among children in the 9-15 year age group, and particularly to boys in this age range. During the 1959 eclipse, many received eye injuries after looking directly at the sun for as short a period as 10 seconds.

The Ophthalmological Society of Alberta (a society of eye physicians) in cooperation with the Al-

berta Department of Public Health issues a firm warning against looking directly at the sun when viewing the eclipse. They further suggest that no commercially made products such as colored glasses, smoked glass, exposed photographic or x-ray film, broken beer bottles and so on can completely filter out the damage-causing infrared rays.

A suggested method of viewing the eclipse might be explained as follows. A 1/4 inch hole is made in a foot square card. With the card held at right angles to the sun's rays, the image of the sun can be projected on a second card placed about 10 feet behind the first card. The observer, then always has his back to the sun and avoids any direct exposure of his eyes. This method has the added advantage of allowing more than one person to view the eclipse at the same time.

County and Teachers Reach Wage Agreement

(Continued From Front Page)

can No. 2 was held in the council room, county building, Vulcan, on Monday, June 24, 1963. The meeting convened at 7:30 in the evening. Those present were J. M. McKay, chairman, Frank Thurber, A. McAllister, A. Cuthbert, R. O. Bertrand, Guy Volsey and George Moses, committee members, E. K. Hawkesworth, superintendent and D. D. McQueen, secretary-treasurer.

The meeting was called for the purpose of continuing the negotiations with the Teacher's Salary Committee and any other general school business which might be brought before the meeting.

The economic committee of the Vulcan Local Teacher's Association, consisting of V. H. Wellman, chairman, Frank Burchak, R. Toutant and D. Olsen, were present and discussed with the school committee the final settlement of the salary contract for the year 1963-64.

After considering final minor adjustments, the teachers' committee and the school committee agreed on the salary schedule for the 1963-64 school term.

It was moved and carried that the following resignations be accepted with regret: Miss Leona Booth, Lomond; Mrs. Elaine Roe-buck, Champion; Gordon E. Mackay, Vulcan; Miss Helen Haverty, Vulcan; Mrs. May Nelson, Vulcan.

It was moved and carried that the following staff appointments be made: P. McGaffin; Miss Frances Sumner; Mrs. Margaret Ver-luis.

MUNICIPAL COMMITTEE

The regular June meeting of the municipal committee of the County of Vulcan No. 2 was held June 12, 1963.

Those present were Ivan Haga, chairman, M. Willard, A. W. Ulrich, F. E. Hubka, committee members, Martin Dersch, construction foreman and C. F. Rea, shop foreman.

The committee discussed the matter of the Ensign telephone lines and Mr. Dersch reported that the lines had been moved.

The committee members discussed the matter of road signs and it was decided to make a request of the county council to consider the passing of a by-law establishing various stop signs in the county.

After some discussion over the fencing policy, this matter was

left over for another meeting.

It was moved and carried that the application of the Canadian Pacific Railway Co. to close crossings at locations in the North boundary of 16-16-24-W4th and between Sections 34 & 35-15-24-W4th, be approved.

AGRICULTURAL SERVICE

A meeting of the Agricultural Service Board of the County of Vulcan No. 2 was held May 30. Board chairman, R. S. Irwin, presided and members Clarence Roth, C. R. Walker and K. R. Miller were present.

The matter of the location of the Field Supervisor's office was discussed, and it was noted that the steel building from the Claresholm airfield was to be moved to Vulcan and that no definite decision was made as to where it would be located. It was moved by Mr. Walker and carried that the service board recommend to the county council that the Field Supervisor's office be stored at the county building, and that service board supplies be stored at the public works warehouse for the present.

Mr. Roth reported to the board that the school principals had been advised in respect to the County of Vulcan Essay Contest regarding weeds and that a prize had been offered for the best essay. The board appointed the following judges to judge the winners: Clarence Roth, District Agriculturalist; Donald Jantzie, High School Teacher; Robert Munro, Editor, Vulcan Advocate.

Mr. Roth read a report on the Grey Willow Leaf Beetle and control. He also reported that he had made a request of the Workmen's Compensation Board for a meter to measure the concentration of various pesticides in the air and thereby get some estimate of the probable injury to human life.

It was decided that the service board maintain its present outlets for the distribution of grasshopper poison.

A request was made for strychnine to be supplied by the county. It was moved by Mr. Walker and carried that the board recommend that no action be taken in this

matter.

The June meeting of the Council of the County of Vulcan No. 2 was held on Wednesday, June 19. Reeve Jack Deltz presided and Councillors F. E. Hubka, A. W. Ulrich, R. S. Irwin, Arthur Cuthbert, A. McAllister, M. Willard, J. M. McKay, Frank Thurber and Donald McNiven were present. Also present at the meeting was D. D. McQueen, secretary-treasurer.

Councillors noted that Mrs. Rose Haga, mother of Councillor Ivan Haga, had passed away and that Mr. Haga was unable to be present at the meeting. A motion to express the sympathy of the councillors to Mr. Haga was passed.

It was moved and carried that the 1963 Agricultural Service Board Agreement be approved.

A letter from G. R. Sterling, Director of the ARDA Program for the province, was read. Mr. Sterling noted that the Council of the County of Vulcan had set up an ARDA Committee in the Agricultural Service Board.

By-law No. 408, a by-law to regulate the disposal of rubbish in places other than recognized nuisance grounds, was introduced and passed.

By-law No. 407, a by-law to authorize the borrowing of the sum of not more than \$25,000 for the purpose of supplying seed grain and agricultural relief to certain farmers, was introduced and passed.

Instructions were given to the secretary to advise Mr. Dersch in respect to arrangements for making the improvement to the road at the McGillivray bridge site, West of 18-17-26-4.

Mr. Huckvale, an official of the Prairie Farm Rehabilitation Office, Fort Macleod, and a number of farmers in the area of the McGregor Dam, interviewed the Council in respect to the condition of the dam at the present time. It was noted that the drain culvert had been stopped and that there was no water coming through the dam for the use of farmers further down stream. It was also noted that the dam had not been properly registered by the Prairie Farm Rehabilitation Office at the time it was built, and that steps should be taken to have the dam registered with the Department

of Water Resources, Edmonton. Owners of land affected by the dam and the water signified their intention of entering into an agreement to permit the registration.

Mr. Huckvale advised the meeting that his office would undertake the work of cleaning out the dam if requested to do so by the Council.

It was moved and carried that a letter be sent to the Prairie Farm Rehabilitation Office requesting that the work of cleaning the dam be undertaken as soon as possible.

Old Friends Meet Once Again

Miss Janet (Nettie) Ware is pictured above as she enjoyed tea and reviewed old times with friends of former years, Mr. and Mrs. Daniel Galbraith.

Miss Ware missed the oldtime classification by one year, coming to the Vulcan district with her uncle, Spencer Lewis in 1921. Her father, the almost legendary John Ware and her mother both died in 1905 and Spencer brought up the family which consisted of Nettie, Mildred, Bob, Art and Billy. The latter member passed away following the First War.

Three years ago the family moved to Vulcan and Spencer Lewis died in January, 1961. Miss Ware was honored at this year's Calgary Stampede, pouring tea on Wednesday at the Fort in the Exhibition Grounds.

Daniel H. Galbraith and his wife are both 84 years old and with all their adult years being spent in this district there was lots to talk about at the reunion teas. Like many others, they ran out of stamina rather than something to say to old friends.

Mr. Galbraith homesteaded in 1903 on the land now being farmed by his son Douglas, and in 1916 he journeyed east long enough to take his bride whom he had met earlier while attending Ontario Agricultural School.

Three sons, Robert, Douglas and George (Curly) were brought up on the farm during which time the father held "just about every elective post in the district". This included political work, farm groups and other interests.

Mr. and Mrs. Galbraith enjoyed the good years of this district and weathered the bad and in 1943 they retired to Calgary where they now live.

THERE MUST BE A REASON
The probable reason some people get lost in thought is because it is unfamiliar territory to them.

One member of a flight of golfers which took to the local fairways through a recent weekend is shown outlined in front of the clubhouse as he drives off number one tee. The rains have worked

wonders on the course and the heavy green grass is cutting down many of these long bouncing drives which used to bolster the ego of golfers.

Carol's life. A very delightful fashion show then followed with the various models wearing wedding gowns dated from over 50 years ago to the present. These included Mrs. Flitton's (Melvina Roemmele's mother) 1903 by Verda Baldwin, Mrs. Ray Teskey's 1911 by Phyllis Clark, Mrs. Knight Sr.'s 1913 by Marilyn Baldwin, Elsie MacIntyre's sister's by Sharon Clark, Lenore Baldwin wearing her own, Melvina Roemmele's by Joyce MacIntyre, Alice Knights by Donna Huoka, Betty Kryzanowsky's by Lillian Letal, Myrna Hubka Oberton's by Linda Hubka and the comic wedding ensemble of Isabella Magnolia Blossom shown by Rosella Hubka.

The bride's table was beautifully decorated having a rainbow behind the bride-to-be, with a pot of gold at the end of the rainbow full of gifts.

Spring flowers decorated the table, centered with a delicately decorated cake made by Alta Hauser. Glenda (Moore) Sidor of Leduc presented the gifts which were carried in by Loree Hauser of Calgary and Carol (Shearer) Hnatuw of Lethbridge. Also assisting were Sharon Clark and Gayle McFarland of Lethbridge. Helping the bride-to-be to open her gifts were Mrs. Gower, Gladys McGinnis, Colleen McGinnis of Calgary, Vivian McFarland and Wendy McFarland.

A tasty lunch was then served

by the hostesses who included Mifflin, Elsie MacIntyre, Mrs. Roy Beulah Hubka, Vilda Ohler, Mabel Clark, Rosella Hubka, Emma Smith, Phyllis Clark, Alta Hauser, Grace Moore, Hazel Lyckman, Ella Martha Nelson.

"maximum performance
for minimum cost"

"From past experience with other makes, we have found that Chevrolet Trucks cost less to operate and maintain. Our 5 Chevrolet Panel Trucks are doing an excellent job—giving us maximum performance for minimum cost."

Chas. L. Guss, Manager,
Sorex Inc., 173 3rd Avenue,
Quebec 3, Quebec.

CHEVROLET OWNERS KNOW

THE VALUE OF CHEVROLET'S DEPENDABILITY

"wouldn't have
anything but Chevrolet"

"We really appreciate the dependability of our two Chevrolet Trucks. Our '61 C-60 just goes and goes and the ride and power of our '63 Chevrolet Pickups are great. We wouldn't have anything but Chevrolet."

John Braun, President,
John Braun & Son, Building Contractor,
18 Agar Drive, St. Catharines,
Ontario.

"Chevrolet gives us the
dependability we need"

"We do general haulage and contract delivery and need reliable trucks. We have had other trucks, but Chevrolet gives us the dependability we need. That is why we buy only Chevrolet."

Marcel Martin, President,
Marcel Martin Transport Ltd.,
8398 St. Michel Blvd.,
St. Michel, Quebec.

"Chevrolet trucks
are the best"

"My business includes general delivery and long distance moving. Years of experience have proved to me that for all-round performance, dependability and economical operation, Chevrolet Trucks are the best."

BRIEF ITEMS OF LOCAL INTEREST

Recent guests at the home of Mr. and Mrs. A. Lewis were: Mr. and Mrs. Carl Kock, Lamont, Alta; Mrs. Evelyn Gay and sons of Fort Sask.; Mrs. Beringer and family of Bassano, Mr. and Mrs. W. Patapoff and family of Nanton, Mr. and Mrs. L. Lewis of Picture Butte and Mrs. McKay.

Mr. Chandler took the services at the United church on Sunday, in the absence of Rev. Sharpe. Mr. Sharpe is presently at Waterton Lakes, where he is attending church camp at Canyon Creek.

Friends will be sorry to learn that Mrs. O. A. Craig, Mrs. E. King, Mrs. F. South and Mrs. Cotton have been among those who have been confined to the local hospital for the past several days. W. A. Shields and his daughters, Donald and Bonnie have returned from a holiday spent at a number of Ontario points.

Mrs. Ken Gatenby and children have been holidaying with relatives at Provost for the past two weeks.

Mr. and Mrs. H. O. Grinsburg and their five children and Mr. and Mrs. Francis Anderson and their two children, all from Williams Lake, B.C., have been touring Alberta visiting friends and relatives at Vulcan, Medicine Hat, Red Cliffe, Suffield, Ralston and Calgary. While in Calgary they visited Constable and Mrs. Jim Wiersma. Mrs. Grinsburg and Mrs. Anderson were before their marriages Betty and Beulah Wiersma. After visiting their mother here at Vulcan they travelled to Crow's Nest Pass where they visited two other sisters, Mrs. Greta Mullens and Mrs. G. Poxtion and their families. They plan to spend some time in Southern B.C. before returning to their home in Williams Lake. Larry Grinsburg, after visiting at Red Cliffe, will spend some time with his grandmother, Mrs. Wiersma, before he returns to his home at Williams Lake.

Mrs. W. F. Chandler received first class honors in her Theory II examination set by the Toronto Conservatory of Music. Mrs. Wm. Colliton of Blackie was her teacher. Mrs. Chandler is now making her home in Vulcan.

An Open Shower honoring Miss Pat Uily will be held in the Canadian Legion, Monday, July 22, at 8:00 p.m. Everyone welcome. 1-nx
